## The Amicus Group, Inc. partners with Hyland Software

*Dynamic partnership will yield improved service and cost reductions for America's courts and justice agencies.*

**Akron, Ohio – March 16, 2009** – The Amicus Group, Inc. a team of experienced justice and case management system integrators, and Hyland Software, one of the world's largest and fastest growing independent providers of enterprise content management (ECM) software, are partnering to design and implement innovative solutions that meet the specific needs of judges, court clerks, and staff.

“The Amicus Group is uniquely qualified and dedicated to providing technology that solves every day problems for today's courts and justice agencies,” said Mark Zisk, U.S. and Canada channel sales director for Hyland Software. “By partnering with Hyland Software as an Authorized OnBase Solution Provider, their current and future customers can leverage the award-winning OnBase solution to do even more with less.”

Authorized OnBase Solution Providers are an exclusive team of Hyland partners. They provide expertise and hands-on support for OnBase, as well as the many complementary technologies that make up ECM solutions. Providers work with Hyland to give customers the highest level of technical support. And they get continuous OnBase training and the backing of Hyland, a highly respected channel-friendly vendor.

“OnBase provides a robust technology that has been underleveraged in solving the unique requirements of the court community. As part of our virtual e-Court solution, it will facilitate innovative changes to operating practices and yield immediate cost reductions. Most importantly, Hyland Software shares our passion for customer satisfaction and quality service”, said Peter T. Zackaroff, President and Managing Director.

#### **About the Hyland Software solution, OnBase**

One of the largest independent software vendors in the world of enterprise content management (ECM), Hyland Software is the developer of OnBase. An award-winning suite of document and process management solutions, OnBase has a proven record of solving problems resulting from time consuming, costly and error plagued manual tasks. Today, people at more than 7,900 organizations both large and small in 47 countries have the time to do the things that really add value thanks to OnBase. Available on-premises or as software-as-a-service (SaaS), OnBase installs quickly, cost effectively and is designed to grow with organizations.
